

Job Posting

Title: Mechanic

Company: *Miller Technology*

Location: *North Bay, Ontario*

Status: *Full-time, Permanent*

Company Profile: Miller Technology Incorporated is a privately owned and operated Canadian business that specializes in mobile and utility equipment for the mining, tunneling and construction industries. Since the company's inception in 1979, Miller Technology has grown to a staff of 50 employees and a 55,000 ft² facility. Miller Technology offers Sales, Parts and Service to customers as well as in-house Manufacturing, Engineering and Research and Development departments. Miller Technology is an ISO-9001 Certified Company.

Job Description:

The Mechanic is responsible for troubleshooting and diagnosing equipment; repairing, rebuilding or replacing components; and testing repaired or rebuilt equipment or components for proper performance. The Mechanic will also perform assembly work on new production units, equipping base models with a variety of different attachments.

Qualifications:

Experience

- 3+ years

Education

- Automotive, Heavy Equipment or Truck and Coach Certification would be considered an asset.

Skills

- Strong in equipment diagnosis
- Ability to work with electrical and hydraulic systems
- Capable of working with a variety of different equipment brands and models

Working Conditions

- Mixture of Shop and Field work

Work Hours

- 7:00 am-3:30 pm Monday to Friday
- Overtime may be required

If you are interested in this opportunity, please forward your resume to kconnolly@millertechnology.com

Miller Technology would like to thank all applicants; however only those selected for an interview will be contacted.

Miller Technology is an equal opportunity employer; welcoming and encouraging applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.
